**RE: UPDATE – NEXT KLAC 40<sup>TH</sup> ANNIVERSARY MEETING - 20<sup>TH</sup> NOV 2007**

The Knox Little Athletics Centre will be approaching an important milestone for the start of the 2008/09 Track & Field season. We will be celebrating our 40th Anniversary of Little Athletics within the Knox region. This involves not only the Knox LAC but also a number of foundation clubs.

Five people attended our initial sub-committee meeting with representatives from four clubs to plan activities and events to celebrate this historic achievement in 12 months time.

A Knox Little Athletics Centre history, which has already commenced, will be tabled as part of the celebrations and Club-based information would obviously be a vital part of this history and would be greatly appreciated and well worthwhile.

To assist with these planning activities and the collation of Centre and Club histories the Committee is requesting representatives from all KLAC Clubs to join those already onboard.

This is particularly important if the Clubs or individuals have contact with any former club members or athletes (particularly Life Members) or are aware of, or have access to Club records, handbooks, memorabilia or photos.

The more we have on board, the more that can be achieved and individuals won't be burdened with multiple duties.

Could you please inquire within your Club for interested club reps or ascertain details that would assist in the collation of the Clubs history.

The next meeting of the Committee will be held on Tuesday November 20 at Phil Matthews house (29 Palm Court, Lysterfield, 3156) commencing at 8pm and it would be great to have all Clubs represented at this meeting.
